**Subject:** [External] Dominion rate increase

Please do not allow another rate increase from our power company. We currently have one of the highest rates in the southeast and in an state that is close to the bottom in income and poverty. As retirees we are on a set income and unfortunately our retirement doesn't go up year after year. Our Social Security doesn't go up very often and when it does it's hardly enough to cover the increase in Medicare/Supplement. People are getting to the point thst they're having to choose whether to pay their bill or out food on the table. Our PSC is supposed to represent the people of this state and we depend on it to protect us from being taken advantage of. We need all of you to look out for the people. Do not allow Dominion to do to us what SCE&G was allowed to do. We now know how well that worked out.

Sincerely,

Peggy Lawrence
